

Retail Logistics by AXIS

END-TO-END SINGLE SOURCE SOLUTIONS

In the ultra-competitive retail industry, everyone from the C-suite to regional locations nationwide and worldwide is under pressure to consistently deliver outstanding products and experiences to customers. Every opportunity to leverage economies of scale and capitalize on efficiencies must be seized, but quality cannot be sacrificed, and the doors must always open on time. Axis Global Logistics provides seamlessly orchestrated, single-source supply chain solutions that optimize costs while ensuring real-time visibility and control at every step via industry-leading web-based technology.

Store Services

- New store openings and closings with real-time tracking capabilities
- Fixture transportation, management, and installation
- Orchestration of interior and exterior build-outs
- Remodels/resets and special event installations
- Custom installation packages, including step-by-step written specifications, tools, and video instructions, to facilitate multi-location simultaneous installations
- In-store graphic distribution and set-up

Comprehensive Warehouse Solutions

- Warehouse Management System for web-based order management, purchase order management, and real-time data on inventory
- Value-added services, including bar-coding, ticketing, labeling, slip-sheeting, and kitting
- Reverse logistics

Additional Services

- 24/7/365 on-demand pick-up and delivery nationwide and worldwide
- Management of customs documentation, including Carnet applications
- Consolidation management
- Comprehensive special event management through our Backbone division
- Promotional product procurement through our AxiSource division
